

St Anthony's Traffic Management Plan

We seek to ensure that children, staff and members of our wider community are safe. Additionally, it is our goal to ensure that our community is impacted as minimally as possible by school traffic. Staff, Parents & Visitors are expected to comply with this plan and to fully cooperate with the directives of staff.

RESIDENTS

Consideration must be given to residents at all times when parking vehicles. Please do not park in driveways and obstruct regular residential services. Eg: Bin Collection

We ask our neighbours and other members of the local community to please immediately inform us of any problems or concerns.

STAFF PARKING

The main permanent staff car park is directly behind the school administration building. Staff are highly encouraged to reverse their vehicle into their car park as to provide clear unobstructed vision when leaving.

Additional parking spaces are available in the Parish/School Car Park, Chinaquay & Stephen St.

DELIVERIES

Delivery of goods to St Anthony's are to occur during the hours of 9am-2:30pm. This is to avoid peak traffic times.

CONTRACTORS

All contractors must report to the School Office on arrival. They will be give instructions as to where to park their vehicles to minimise traffic risks.

PARISH/SCHOOL CAR PARK

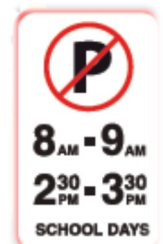

Consideration must be given to the St Anthony's Parish and its Parishioners. Please do not park in the Parish/School Car Park when there is a funeral. The car parks in front of the Parish office are only to be used if visiting the Parish Centre.

When parking in this car park, you are to exit your vehicle, walk to the centre and cross the pedestrian crossing in front of the church.

STEPHEN STREET

Parking is also available in Stephen St. This is not a Stop/Drop & Go Zone. Parents are to park and walk their children in and out of the school grounds.

**NO PARKING in the Stop/Drop & Go Zone 8 am - 9 am
2:30 pm - 3:30 pm**

Pick UP

DO

- Please consider arriving closer to 3pm or a little after (as dismissal is 3pm and students still need to walk to Stop/Drop & Go)
- When you reach the pick up zone, drive to the front of the queue so that as many cars as possible can pull in behind you. Don't just park in front of the school gate.
- Ensure your child's seatbelt is securely fastened before pulling away from the kerb.
- Please let grandparents and other carers know this information if they are going to collect your children from school.
- Please consider neighbours and users in adjacent streets

DON'T

- **DO NOT PARK** in the Stop/Drop & Go Zone (your child may not be the first student out and you will hold other people up)
- You don't need to get out of the car as supervising teachers will assist your children to get into the car. For their safety, children should only get into and out of the car directly onto the kerb. If this is not possible due to baby capsules or other child restraints, please consider how you might organise your children to ensure their safety.
- Do not jump the queue of waiting traffic.
- Do not do a U-turn anywhere in the vicinity of the school.
- If you are in a queue do not move into the pick up zone until you know for certain that space is available. If you end up stopping in the 'No Stop-ping' zone, by law you can be booked.
- Do not pick up children on the road

Drop Off

DO

- Please consider arriving closer to 8:15am as there is NO teacher on duty until that time.
- When you reach the Stop/Drop & Go Zone, drive to the front of the queue so that as many cars as possible can pull in behind you. Don't just park in front of the school gate.
- Children are to exit the vehicle and proceed straight to the foot path.
- Please consider neighbours.

DON'T

- Do not drop your child/ren off before 8am . (If early drop off is required, please book your child/ren into after school care)
- Do not jump the queue of waiting traffic.
- Do not park & leave your car in the Stop/Drop & Go Zone.
- Do not do a U-turn anywhere in the vicinity of the school.
- If you are in a queue do not move into the drop off zone until you know for certain that space is available.
